Objective

- Python & Odoo developer with hands-on experience in backend development, ERP workflows and database management, seeking an organization where I can establish myself professionally, financially and socially. I want to apply the knowledge and skills gained during my education and experience to build reliable, maintainable business solutions while continuing to learn and grow with the team.

Experience

- **Associate Odoo Developer** — Applied — May 2026 – Present
  - Configure Odoo modules and functional workflows, mapping standard enterprise apps to their underlying database structure.
  - Adapt module dependencies and business calculations to project-specific requirements.
  - Write PostgreSQL queries and rules to keep relational data and transaction records consistent.
  - Debug backend issues and review diagnostic output together with senior engineers.
- **Python & Odoo Developer (Intern)** — Applied — Nov 2025 – Apr 2026
  - Built Python/Django features following MVC structure, with clean routing and modular logic.
  - Designed serializers and multi-endpoint REST APIs with Django REST Framework for client-side use. Created Odoo XML views and dashboards, and extended models using inheritance.
  - Designed relational database schemas with custom indexes.

Education

- Dr. Subhash University — 2025-27
  Master of Computer Application — Pursuing
- Dr. Subhash University — 2022-25
  Bachelor of Computer Application
  8.92 CGPA
- Saraswati School — 2022
  H.S.C.
  71%
- Javiya Schooling System — 2020
  S.S.C.
  76%

Skills

- HTML
- Bootstrap
- Python

Projects

- Academic Projects
  - Food Ordering System - PHP
  - Blog site - Python, Flask
  - Hotel Paradise - Laravel

Languages

- English (basic)
- Hindi
- Gujarati

Personal Details

- Date of Birth : 21/10/2004
- Gender : Male

Hobby

- Listening music

Strength

- Positive Attitude
- Disciplined
- Self Confidence
